CHANGE OF PORT COVERAGE – MAPUTO AND BEIRA, MOZAMBIQUE**

---

Dear valued Clients,

Unfortunately, with immediate effect we are unable to serve the port of Beira inward or outwards. Whereas the port of Maputo we will only be able serve with a connection via Durban every 18 days for imports.

We regret this development which has become necessary due to our service provider withdrawing at short notice his feeder vessel operation between Durban and these two Mozambique ports.

We are looking for alternative routing options and will re-instate these ports into our service scope when it is possible for us to provide a reliable service again.

For further details please refer to our online schedules [www.dal.biz](http://www.dal.biz) or contact our local DAL office or representation.

Kind regards,  
DAL Trades Management
