Subject: **Europe South Africa Service - Cape Town southbound calls**

Dear Valued Clients,

Further to our last advisory on the 24th of March; the delays experienced in Cape Town are slowly showing signs of improvement. We will continue to assess the situation and in conjunction with our SAECS partners, decide on an individual sailing basis whether it is feasible to make the Southbound call in Cape Town, without incurring substantial delays to the onward schedule.

The Cape Town Southbound call remains part of our scheduled service; it is our intention to return to regular calls as soon as operational efficiencies in Cape Town port have sufficiently improved.

Kind Regards,
DAL Deutsche Afrika-Linien GmbH & Co. KG
