EUROPE - SOUTHERN AFRICA & CANARY ISLAND TRADES SCANDINAVIA/BALTIC & MED PORTS - EQUIPMENT IMBALANCE SURCHARGE (EIS)

Dear Clients,

We are currently having to absorb substantial additional operational costs for both the supply and movement of empty containers into the Scandinavia/Baltic & Med port areas and for the movement of all full containers out of these ports.

We therefore have no alternative than to implement

a) **For all ports in the Scandinavia & Baltic area a**

USD 200 per TEU Equipment Imbalance Surcharge (EIS)

b) **For all ports in Italy, Spain, Portugal a**

USD 150 per TEU Equipment Imbalance Surcharge (EIS)

to recover these additional costs we are incurring and to ensure that we can continue to provide a sustainable service to and from the ports in the Scandinavia / Baltic and Mediterranean areas.

These charges will be applicable with effect from 15th July 2021 (shipped on board date) and in addition to all currently valid rates and charges.

If you have any question, please ask our local representative.

Thanking you for your continued support.

Kind regards,
