

6th July 2021

Subject: MAERSK LUZ – 212 N Contingency

Dear Clients,

Coega terminal has been severely impacted by High Swells and as a result of this the productivity at Coega remains very poor which has delayed the berthing opportunity for the Maersk Luz.

In order to ensure that Maersk Luz arrives in Cape Town on her CTOC window on Thursday, 8th July 2021, Maersk has decided to omit her Coega call and proceed directly to Cape Town.

All reefer cargo ex Coega for the Maersk Luz 212N will be accommodated on the Songa Colabria 124N and discharged in Algeciras for connecting on the Maersk Luz 212N for the onward leg into NWC.

Dry cargo ex Coega will move to the Akadimos 212N.

We sincerely apologize for the inconvenience caused due to this contingency.

Please contact your local sales office should you have any further questions.

Kind Regards

DAL Agency Team

Please note that this Notice is from our Principals and we distribute same as their representative.
