Subject: SAECS Contingencies – Durban Civil Unrest

Dear Clients,

Kindly note that due to the Civil unrest in Durban the SAECS schedule has been severely impacted. In order to alleviate the pressure in Durban and to ensure that we also maintain our onward schedules the following contingencies will be implemented:

- 1) Santa Clara 213N will omit her Coega NB call. Once she has managed to complete her operations in Durban she will proceed directly to Cape Town.
- 2) Maira XL 212S will discharge all Durban imports in Coega.
- 3) Maira XL 212S will load all the export cargo currently in stack for the Santa Clara ex Coega.
- 4) Maira XL will then proceed to Durban, where she will only perform her Export call.
- 5) Durban imports ex Maira XL will be available for collection ex Coega should you prefer to do so considering the volatile situation in Durban which still continues.
- 6) Remaining imports ex Maira XL will be loaded on the feeder Border 205A. Schedule for the feeder will be shared in due course.

We sincerely apologize for the inconvenience caused by these contingencies due to circumstances which have been beyond our control.

Please contact your local sales office should you have any further questions.

Kind Regards

DAL Agency Team
