EUROPE – SOUTHERN AFRICA TRADE

Cut and Run Algeciras & Short Shipment / Santa Isabel 148/215S

Dear Valued Client,

We regret to inform you that after port closure and work stoppages due to inclement weather conditions in the port of Algeciras between the 18th and the 20th of November, several containers have been short shipped from the Santa Isabel 148/215S.

The vessel had to respect a sailing deadline to safeguard timely arrival in South Africa as to avoid further extensive delays to her schedule.

Unfortunately, some local exports but also several export units from Northern Europe that were to be restowed on board have been left behind.

These will now be loaded on the Santa Ursula 150/215S, sailing Algeciras (APMT) on or about November 25th.

We apologize for the inconvenience that this contingency measure may have caused and assure you that all measures were taken to minimize the delay in arrival of your containers in South Africa.

Kind Regards,

DAL Deutsche Afrika-Linien GmbH & Co. KG
