Maersk Lavras Voyage 173B/988

Dear valued customers,

We regret to advise that the Maersk Lavras 173B/988 experienced an engine failure on her voyage from South Africa to Europe.

The vessel is proceeding at a safe but lower speed to Europe and will now only arrive in Algeciras on the 7th August and in Rotterdam on the 13th August.

All remaining cargo on board will be discharged in Rotterdam and the vessel will then be withdrawn from the service for repairs. The containers for London Gateway and Bremerhaven will be loaded on the Maersk La Paz 992/174B arriving in London Gateway on the 18th August and Bremerhaven on the 20th August.

The Maersk Lavras southbound sailing position will be taken by the vessel Alexandra which will perform a full round voyage calling Bremerhaven on the 9th August, Rotterdam on the 11th August and Algeciras on the 14th August. No final decision has yet been taken regarding calling London Gateway.

All online schedule information will be updated soonest.

Kind regards,

DAL Trade Management
